The Sachem Community Watch's mission is to get Sachem school taxes under control.

The Watch is comprised of ten individual groups that meet whenever they choose. The Group leaders meet at least 3 times during budget season to study the budget. They then develop strategies and messages. Individual members are welcome to participate in leadership meetings.

Membership is strictly confidential. Some members have children in school and fear reprisals. Many members of one group don't know members of other groups. Over 150 member families do not belong to any group and only participate by giving donations. One Hundred members volunteer to deliver flyers.

They Watch reviews budgets, supports Board candidates, prepare flyers and letters. The flyers and letters are sent to approximately 10,000 registered voters. In the past and when necessary, the Watch can deliver flyers to every door in Sachem within three days.

If you would like to start a group with your neighbors, call 631-588-6161

If you would like to join the Watch or contribute, please fill out the form and mail it.
